

SOUTHERN CALIFORNIA EDISON COMPANY
NOTICE OF APPLICATION FILING FOR CHANGES IN ELECTRIC REVENUES:
APPLICATION FOR APPROVAL OF THIRD-PARTY DEMAND RESPONSE RESOURCE
CONTRACTS

APPLICATION (A.) 12-09-007

On September 7, 2012, Southern California Edison Company (SCE) filed an Application with the California Public Utilities Commission (CPUC) requesting a change in SCE’s electric revenues related to its proposed third-party demand response resource contracts for 2013-2014.

THIRD-PARTY DEMAND RESPONSE RESOURCE CONTRACTS

On April 30, 2012, the CPUC issued Decision D.12-04-045, which ordered SCE to file an application with the CPUC for approval of five (5) third-party demand response resource contracts. The Contracts proposed in this Application are the final negotiated results of a competitive Request For Offers (RFO) that initially procured eighteen (18) offers for demand response resources from seven (7) Aggregators. The final results include four (4) Day-Of Contracts dispatchable on one hour’s notice, and one Day-Ahead Contract. While the size and cost of the Contracts vary, each one is cost-effective using the CPUC-approved demand response cost-effectiveness protocols. The Contracts are expected to provide SCE with firm, reliable, price-responsive demand response resources for the two-year period 2013 through 2014. SCE’s proposed application A.12-09-007 requests CPUC approval of the contracts it was ordered to procure. Specifically, SCE is requesting that the CPUC authorize SCE to collect \$24.9 million in annual electric revenues over each of the next 2 years (2013-2014). **If approved by the CPUC, SCE’s request could result in an increase to customer base rates.**

The following table compares SCE’s current average rates to the proposed change in average rates if SCE’s proposals in this application are approved by the Commission:

Customer Group	Present Average Bundled Service Rates June 2012 ¢/kWh	Proposed Bundled Service Rates ¢/kWh	Proposed Change %
Residential	15.83	15.88	0.27%
Lighting – Small and Medium Power	13.76	13.79	0.22%
Large Power	8.19	8.20	0.15%
Agricultural and Pumping	11.50	11.52	0.22%
Street and Area Lighting	17.43	17.44	0.05%
Average	12.88	12.91	0.23%

The actual changes in rates will be determined by the CPUC

EVIDENTIARY HEARINGS (EH'S)

The CPUC **may** hold evidentiary hearings where parties of record present their proposals in testimony and are subject to cross-examination before an Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record may present evidence or cross-examine witnesses during EH's. Members of the public may attend, but not participate in these hearings. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision that the CPUC will either adopt, amend, or modify in issuing its final decision on the application. The CPUC's final decision may differ from what is requested by SCE in its Application.

The CPUC's Division of Ratepayer Advocates (DRA) will review this application. The DRA is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state and obtain the lowest possible rate for service consistent with reliable and safe service levels. The DRA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. The DRA's views do not necessarily reflect those of the CPUC. Other parties of record will also participate.

CPUC PROCESS

If you wish to comment on this proceeding, you may submit written correspondence or send an email to the CPUC's Public Advisor's Office (PAO) at the address shown below. Please state that you are writing concerning SCE's application A.12-09-007. Your comments will become a part of the formal correspondence file for public comment in this proceeding. When writing a letter or email, please refer to Application No. 12-09-007. The PAO will circulate your comments to the five Commissioners, the ALJ, DRA, and to CPUC staff assigned to this proceeding. You may also contact the PAO if you need assistance on how to participate in this proceeding.
