

SOUTHERN CALIFORNIA EDISON COMPANY'S DECLARATION OF
CONFIDENTIAL DESIGNATION PURSUANT TO THE CALIFORNIA PUBLIC
UTILITIES COMMISSION'S RULES OF PRACTICE AND PROCEDURE

I, Erik Takayesu, declare and state:

1. I am the Senior Vice President of Asset Strategy & Planning at Southern California Edison Company (SCE). As such, I have responsibility for overseeing and reviewing SCE's confidential materials in connection with SCE's 2023-2025 Wildfire Mitigation Plan and related Data Requests. I am authorized to request confidential treatment via this application and certification on behalf of SCE.

2. I am making this declaration in accordance with the instructions set forth in Decision 16-08-024 and Decision 17-09-023 of R. 14-11-001, which were issued August 25, 2016, and September 28, 2017, respectively, and govern the submission of confidential documents to the Commission.

3. I have personal knowledge of the facts and representations herein and, if called upon to testify, could and would do so, except for those facts expressly stated to be based upon information and belief, and as to those matters, I believe them to be true.

4. Listed below are the data for which SCE is seeking confidential protection and the basis for SCE's confidentiality request.

Location of Confidential Data	Pages	Description of Information that is Confidential	Basis for SCE's Confidentiality Claim
<p>CalAdvocates-2023WMP Set 5 Q2 Response – Final</p> <p>CalAdvocates -2023 WMP_Set5_Q3</p>	All	<p>This file contains information that can reveal vulnerabilities or gaps that could be taken advantage of by a party that intends to do harm to the grid or to the communities that SCE serves.</p>	<p>The information meets the balancing test of California Government Code sections 7922.000 and 7922.540. It is in the public interest that the information not be disseminated publicly. Release of detailed asset and consequence of ignition data could make SCE's facilities vulnerable to attack and could be valuable information in planning an attack on critical infrastructure.</p> <p>Further, providing this information in addition to and in relation with Critical Facility information could further the consequences of such an attack. There is little to no benefit to making this information publicly available. Third, parties do not need this information to evaluate SCE's Wildfire Mitigation Plan. As such, the public interest in not disclosing this information far outweighs the public interest in disclosing it.</p>

I certify under penalty of perjury that the information contained in this certification is true, correct, and complete to the best of my knowledge.

Executed on March 16, 2023 at Cerritos, California.
