

Charge Ready | Light Duty

Make-Ready Infrastructure IBEW and EVITP Attestation

Charge Ready Light Duty make-ready infrastructure construction must be performed by state licensed and insured contractors holding a valid C-10 contractor's license and Electric Vehicle Infrastructure Training Program (EVITP) certification. All contractors performing this work are to use International Brotherhood of Electrical Workers (IBEW)-signatory labor.

I attest that in accordance with the Charge Ready Charging Infrastructure and Rebate Program Participant Installed Customer-Side Make-Ready Agreement that the general contractor and subcontractor staff that constructed the infrastructure for project application _____ located at: _____ (address) are signatory to an IBEW union contract, hold a valid C-10 contractor's license, and maintain EVITP certification .

I certify that the above is true and correct.

Program Participant: _____

Signature: _____

Title: _____

Date: _____
