

Mail completed form to: Summer Discount Plan | P.O. Box 800 | Rosemead, CA 91770-9972

If you are an existing Summer Discount Plan customer, you may use this form to modify your options or disenroll from the program. You may make one option change per year, lower your cycling frequency once per year, and raise your cycling frequency at any time.

For more information or to change options online, go to sce.com/sdpinfo. More questions? Call us at **1-800-497-2813** or TTY 1-800-352-8580.

1. Complete your account information.

Service account #		Email (optional)	
Account holder			
Service address			
City		State	ZIP
Home phone # ()		Best time to call (weekdays): <input type="checkbox"/> AM <input type="checkbox"/> PM	
Alternate phone # ()		Best time to call (weekdays): <input type="checkbox"/> AM <input type="checkbox"/> PM	

By providing a telephone number, including a mobile phone number, the customer expressly consents to receive non-telemarketing calls at such telephone number from or on behalf of SCE related to SCE's Summer Discount Plan, including calls made using an automatic telephone dialing system and/or artificial or prerecorded voice.

2. Tell us about your central A/C units.

How many central A/C units do you want the devices installed on? **(Please check one.)** 1 2 3 Other _____

Where are these central A/C units located? (Please check one.) Ground Roof Both

Reminder: In order to participate in an override option, all enrolled A/C units must be installed on the ground.

Do you require someone to be home when we install the devices? **(Please check one.)** No – SCE has my permission to install devices even if no one is home. There are no access issues at my home, such as a locked gate or a dog.
 Yes – The person at my home will be over the age of 18 and will be present during the installation. In Section 1, I have provided a phone number and best time to call (weekdays only) to schedule an appointment.

3. Choose one of the plan options below.

I would like to change to one of the following options **(please check one)**: (Note: In order to participate in an override option, all enrolled A/C units must be installed on the ground.)

- Up to \$180* in bill credits during the summer season (Maximum Savings)**
My A/C unit may be turned off or cycled off during energy events for up to six hours per day, for a maximum of 180 hours per calendar year.
- Up to \$90* in bill credits during the summer season (Comfort)**
My A/C unit may be turned off or cycled off during energy events for 15 minutes of each half-hour, up to six hours per day, for a maximum of 180 hours per calendar year.
Override options are not available to customers with a rooftop A/C
- Up to \$90* in bill credits during the summer season (Savings with Override Control)**
My A/C unit may be turned off or cycled off during energy events for up to six hours per day, for a maximum of 180 hours per calendar year. On up to five energy events per year, I can "override" to keep it on.
- Up to \$45* in bill credits during the summer season (Maximum Comfort with Override Control)**
My A/C unit may be turned off or cycled off during energy events for 15 minutes of each half-hour, up to six hours per day, for a maximum of 180 hours per calendar year. On up to five energy events per year, I can "override" to keep it on.
- Remove my account from the Summer Discount Plan**
Only possible if you have been on the Summer Discount Plan for a minimum of one year.

4. Read and sign below (if you're a renter, your property owner or manager must also sign below).

By submitting this application, I confirm that the above information is correct, that I am a Southern California Edison customer with a central A/C in good working order, and I would like to modify my participation in the Residential Summer Discount Plan indicated in Section 2. I understand:

- The amount of my savings is based on SCE's calculated tonnage of my working central A/C units, the amount of my electrical consumption and the number of summer season days in each billing period
- The Summer Discount Plan devices will not be installed on a non-operational central A/C unit
- The program is subject to the availability of Summer Discount Plan devices and adequate signal strength
- My account must register the use of a minimum of 1.5 kWh, one hour before or after, in at least one event day per calendar year to remain eligible to participate in the SDP program
- **The Summer Discount Plan program requires a minimum of one-year participation from the date my service on the plan begins**
- Any override option changes can be made only once in a 12-month period
- Any plan change from Savings to Comfort can be made only once in a 12-month period
- If I disenroll from the Summer Discount Plan program, I may not re-enroll within a 12-month period
- **This plan is not recommended for anyone who is unable to tolerate high temperatures or has significant health problems**

Signature		Date / /
Signature of my property owner or manager (for renters only)		Date / /

PLEASE NOTE: No authorized SCE representative will ever ask you to pay for advice on how to save money or energy through our programs.

*The estimated savings amounts represent the savings a resident could enjoy with a typical 4.5-ton central air-conditioning unit. Savings could increase with larger units and decrease for smaller ones. Credits are based on enrollment in program from June 1 to October 1. Enrollment after June 1 will result in prorated savings beginning from the first meter read date after your application is processed and your device is installed, verified and activated. SCE may need to test the device. The credit amounts and program options are subject to change by the California Public Utilities Commission (CPUC). A customer must have an Edison SmartConnect® meter capable of registering hourly interval usage data for enrollment in the SDP program. Customers removed from the program for failing to meet the minimum electric usage requirement will not be allowed to re-enroll for the following 12-month period. Customers receiving a medical baseline allocation for air conditioning under Schedule MB-E are not eligible to participate in the Summer Discount Plan program. Net Energy Metering (NEM) credits received under Schedule NEM may offset in whole or in part the program credits associated with the Summer Discount Plan. This information is meant as an aid to understanding SCE's Summer Discount Plan program. It does not replace SCE's CPUC-approved tariffs. Any inconsistencies between this material and SCE's tariffs are unintended, and the tariffs prevail. Please refer to SCE's tariff books at sce.com/sdptariff for a complete list of terms and conditions of service. The credit calculation formula used is: Single Phase (Amps x Volts)/ 1,400 + .09 = Tons. Amps and Volts values are based on the AC unit's faceplate or when not available, readings from an amperage probe clamp.

Programs are funded by California utility customers and administered by Southern California Edison under the auspices of the California Public Utilities Commission.
