**NOTICE OF PUBLIC FORUM
(Public Participation Hearing)**

**Southern California Edison Company and San Diego Gas and Electric Company's
Joint Application for the 2021 Nuclear Decommissioning Cost Triennial Proceeding
APPLICATION A.22-02-016**

How can I participate?

Southern California Edison Company (SCE), San Diego Gas & Electric Company (SDG&E), and the California Public Utilities Commission (CPUC) would like to hear from you. You are invited to participate in a Public Forum, also called a Public Participation Hearing (PPH), about SCE and SDG&E Joint Application for the 2021 Nuclear Decommissioning Cost Triennial Proceeding.

This Public Forum is part of a formal proceeding that will be documented and placed into the formal record so the CPUC can decide about SCE and SDG&E's joint application. You can make comments and raise concerns to the CPUC Administrative Law Judge overseeing this application.

You can also provide written public comments at any time during the proceeding at apps.cpuc.ca.gov/c/A2202016.

Where and when will this Public Forum be held?

As part of the CPUC's ongoing efforts to protect customers and community members, and provide the greatest access, this hearing will be held remotely. The Public Forum can be viewed on the internet, or listened to over phone, with the information below. Your participation by providing your thoughts on SCE and SDGE's request can help the CPUC make an informed decision.

If you wish to make a public comment, please participate by phone using the phone number below. After calling in and entering the passcode below, press *1, unmute your phone and record your name when prompted. You will be put into a queue in the order you dialed in.

DATE & TIME	DETAILS
January 10, 2023 5:00 p.m.	Webcast: www.adminmonitor.com/ca/cpuc Phone number: 800-857-1917 Passcode: 1767567#

Please note: If you need a language interpreter, please contact the CPUC's Public Advisor's Office using the contact information at the end of this notice at least five business days before the Public Forum.

Why am I receiving this notice?

On February 28, 2022, SCE and SDG&E filed their Joint Application for the 2021 Nuclear Decommissioning Triennial Proceeding (A.22-02-016) with the CPUC. In the joint application, applicants seek approvals related to the costs of decommissioning the San Onofre Nuclear Generating Station (SONGS) and the Palo Verde Nuclear Generating Station (PVNGS). SCE individually asks the CPUC to

approve decommissioning cost estimates of \$226 million for SONGS Unit 1; \$4.712 billion for SONGS Units 2 and 3; and \$594 million for PVNGS Units 1, 2 and 3. Based on these decommissioning cost estimates and the balances in SCE's nuclear decommissioning trusts, SCE is not requesting a rate increase in this application.

SCE also asks the CPUC to approve as reasonable \$3 million in recorded costs for decommissioning projects at SONGS Unit 1 completed between 2018 and 2020 and \$607 million in recorded costs for decommissioning projects at SONGS Units 2 and 3 completed between 2018 and 2020. SCE also asks the CPUC to approve depositing proceeds from litigation with the U.S. Department of Energy into the nuclear decommissioning trusts.

SDG&E individually asks the CPUC to approve decommissioning cost estimates of \$45 million for SONGS Unit 1, \$942 million for SONGS Units 2 and 3 and \$19 million for SDG&E-only costs. Based on these decommissioning cost estimates and the balances in SDG&E's nuclear decommissioning trusts, SDG&E is not requesting a rate increase in this application.

SDG&E also asks the CPUC to approve as reasonable \$1 million in recorded costs for decommissioning projects at SONGS Unit 1 completed between 2018 and 2020, \$118 million in recorded costs for decommissioning projects SONGS Units 2 and 3 completed between 2018 and 2020 and \$5 million in SDG&E-only costs incurred between 2018 and 2020. SDG&E also asks the CPUC to approve depositing proceeds from litigation with the U.S. Department of Energy into the nuclear decommissioning trusts.

Why did SCE and SDG&E file the joint application?

The CPUC requires utilities that own nuclear generating facilities to file nuclear decommissioning cost proceeding applications every three years. SCE and SDG&E's last nuclear decommissioning cost triennial proceeding was filed in 2018. SCE holds an 80% interest and SDG&E holds a 20% interest in SONGS Unit 1 decommissioning liability. SCE holds an approximately 75.74% interest, SDG&E holds a 20% interest, the City of Anaheim holds an approximately 2.47% interest, and the City of Riverside holds a 1.79% interest in SONGS 2&3 decommissioning liability, respectively.

How could this affect my monthly electric rates?

SCE and SDG&E are not requesting any changes to electric rates in this proceeding.

How does the rest of this process work?

This Application has been assigned to a CPUC Administrative Law Judge (ALJ) who will consider proposals and evidence presented during the formal hearing process. The ALJ will issue a proposed decision that may adopt SCE and SDG&E's Application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SCE and SDG&E's Application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe

service levels. For more information about the Public Advocates Office, please call 1-415-703-1584, email PublicAdvocatesOffice@cpuc.ca.gov or visit <https://www.publicadvocates.cpuc.ca.gov/>.

Where can I get more information?
