ACTION ITEMS:

1. Dave Peck asked if there is a 5-year limitation on obtaining ratebase treatment for holding a deposit or option on real estate for the purpose of developing the land into a utility project. SCE is researching this issue and will provide a response shortly.
2. Dave Peck requested the B/C for the MMA Renewables project identified at page 3 of the RAP Origination Overview presentation. SCE will provide this information in a follow-up email transmittal.
3. Dave Peck requested the "RPS Compliance" version of the RPS graphic at page 14 of the RAP Origination Overview presentation. SCE will provide this information in a follow-up email transmittal.
4. Dave Peck requested the status of SCE's UOG solar rooftop PV program. SCE will provide this information in a follow-up email transmittal.
5. Don Smith requested the Year 2008 realized profit and loss values for SCE's hedging program. SCE will provide this information in a follow-up email transmittal.
