DATA REQUEST SET CalAdvocates-SCE-2023WMP-14

To: Cal Advocates
Prepared by: Melvin Stark
Job Title: Principal Manager
Received Date: 4/28/2023

Response Date: 5/3/2023

Question 02:

In response to CalAdvocates-SCE-2023WMP-02, question 1, SCE states, “Additionally, QC and QA efforts may be ad hoc during a given year.”

- a) How many “ad hoc” QC inspections, as abovementioned, have been conducted each year from 2018 - 2022?
- b) How many “ad hoc” QA reviews, as abovementioned, have been conducted each year from 2018 - 2022?

Response to Question 02:

- a) *How many “ad hoc” QC inspections, as abovementioned, have been conducted each year from 2018 - 2022?*

The following table shows the number of ad hoc QC inspections for WMP related QC activities from 2018 to 2022. This does not include QC inspections associated with Overhead Detailed Inspection, Transmission Detailed Inspection, and Generation Inspection programs during this period that were not performed on an ad hoc basis.

	2018	2019	2020	2021	2022
Ad Hoc QC Inspections (WMP Activities)	0	9,148	0	356	87

- b) *How many “ad hoc” QA reviews, as abovementioned, have been conducted each year from 2018 - 2022?*

From late 2018 through 2019, ongoing ad hoc QA reviews were conducted in support of the Enhanced Overhead Inspection (EOI) program by performing desktop reviews to help ensure the quality of data/supporting evidence for the EOI program. From 2020 to 2022, all QA reviews have been conducted in accordance with the selection process described in response to Question 1 of this data request; no additional ad hoc QA reviews have been conducted during this period.
