Response to Question 03:

SCE interprets this question as requesting all Notices of Defect issued by Energy Safety's Compliance Branch in the year 2023 pursuant to the California Code of Regulations, Title 14, section 29302(b)(1). SCE did not receive any such Notices of Defect in 2023.

SCE did receive a list of issues from Energy Safety based on certain field inspections, but Energy Safety clarified that it does not plan to issue formal inspection reports and notices for them.
