Question 10: 10. Provide the internal work order justification that was prepared by SCE personnel that supported inclusion on the prioritized list. This should provide the in-depth rationale used by SCE for each circuit prioritized for reconductoring (given that different factors weigh on this decision and would be weighted differently in the decision-making process).

Response to Question 10:

Please see Section (IV)(B)(e)(1)(page 78-81) of WPSCE-01 (A.18-09-002)], entitled “Circuit Deployment Prioritization.”
