**NOTICE OF APPLICATION OF SOUTHERN CALIFORNIA EDISON
COMPANY'S REQUEST TO INCREASE ELECTRIC RATES FOR THE 2024
ENERGY RESOURCE RECOVERY ACCOUNT REVIEW
APPLICATION A.25-04-001**

On April 1, 2025, Southern California Edison Company (SCE) filed its Energy Resource Recovery Account (ERRA) Review application (Application) with the California Public Utilities Commission (CPUC). SCE's application requests CPUC approval for an increase of \$3.992 million in SCE's revenue due to a net under-collection in six authorized SCE memorandum accounts. SCE would recover this amount in electric rates beginning in 2026 if the CPUC approves SCE's Application.

Why is SCE requesting this rate increase?

SCE is required to file this application with the CPUC on April 1 of each year. In 2024, six authorized SCE memorandum accounts had a net under-collection of funds that were necessary to provide electric service to SCE's customers. As a result, SCE requests to recover the under-collection.

How could this affect my monthly electric rates?

If SCE's rate request is approved by the CPUC, the average monthly residential bill will technically increase, but not by an appreciable amount. For example, a residential customer using 500 kilowatt-hours (kWh) per month would effectively see no change to their average monthly bill of \$174.78. This is because SCE's proposal, if approved, would only increase rates by fractions of a cent per kWh. The following table shows current rates compared to the proposed rate changes by customer type.

CUSTOMER BILL IMPACT TABLE

Bundled Average Rates (¢/kWh)					
Customer Group	Current Rates		Proposed Change	Proposed Rates	% Change
Residential		31.4	0.00	31.4	0.0%
Lighting - Small and Medium Power		29.1	0.00	29.1	0.0%
Large Power		19.2	0.00	19.2	0.0%
Agricultural and Pumping		23.0	0.00	23.0	0.0%
Street and Area Lighting		34.7	0.00	34.7	0.0%
Standby		16.3	0.00	16.3	0.0%
Total		27.1	0.00	27.1	0.0%

Residential Bill Impact (\$/Month)								
Description		Current		Proposed Change		Proposed		% Change
Non-CARE residential bill	\$	174.78	\$	0.00	\$	174.78	\$	0.00
CARE residential bill	\$	109.92	\$	0.00	\$	109.92	\$	0.00

Note: the rate impact of SCE's proposal appears as \$0.00 and 0.00% because the rate increases are too small to register on the scales presented in the table.

How does the rest of this process work?

This Application will be assigned to a CPUC Administrative Law Judge (ALJ) who will consider proposals and evidence presented during the formal hearing process. The ALJ will issue a proposed decision that may adopt SCE's Application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.
