- The formula Franchise Fee and Uncollectibles Factors are applied to the Base TRR not including FF&U expenses. The CPUC adopted FF&U Factors are percentages of total revenue requirements including FF&U expenses. The calculation on Lines 10 and 11 converts the CPUC adopted FF&U factors to FF&U factors appropriate for application to total revenue requirement not including FF&U expenses, as used in the formula transmission rate.
- Line 5a is used to reduce Line 5 if appropriate. Entry examples include any state or federal funds that reduce the uncollectables required by FERC customers.
