DATA REQUEST SET C E J A - S C E - 0 0 2

To: CEJA
Prepared by: Kristi Gardner
Job Title: Senior Advisor
Received Date: 2/28/2019

Response Date: 3/5/2019

Question 3: In the event of a wildfire, what plans do you have to ensure that customers impacted by the wildfire are aware of it? Do you have plans for linguistically isolated community members? Do you have plans if the cell-phone tower goes down?

Response to Question 3:

In the event of a wildfire, it is ultimately the responsibility of the lead jurisdiction(s)'s emergency management and public safety officials to notify their communities of the situation. Cellular communication companies are responsible for having back-up generation in the event of emergencies, and SCE has recently coordinated with several such companies regarding those issues. In addition, as described in detail in Chapters 5.2.3 and 5.3 of SCE's 2019 Wildfire Mitigation Plan, SCE has extensive community outreach, and programs for customers to prepare for wildfires and to support customers in their aftermath.
