_____ (hereinafter referred to as "Grantor"). hereby grants to SOUTHERN CALIFORNIA EDISON COMPANY, a corporation, its successors and assigns (hereinafter referred to as "Grantee"), an easement and right of way to construct, use, maintain, operate, alter, add to, repair, replace, reconstruct, inspect and remove at any time and from time to time underground electrical supply systems and communication systems (herein referred to as "systems"), consisting of wires, underground conduits, cables, vaults, manholes, handholes, and including above ground enclosures, makers and concrete pads and other appurtenant fixtures and equipment necessary or useful for distribution electrical energy and for transmitting intelligence, data and/or communications (e.g. through fiber optic cable) in, on, over, under, across and along that certain real property in the County of _____, State of California, described as follows:

LEGAL OF PIQ

It is understood and agreed that the above description is approximate only, it being the intention of the Grantor(s) to grant an easement for said systems as constructed. The centerline of the easement shall be coincidental with the centerline of said systems as constructed in, on, over, under, across, and along the Grantor(s) property.

This legal description was prepared pursuant to Sec. 8730(c) of the Business & Professions Code.

Grantor further grants, bargains, sells and conveys unto the Grantee the right of assignment, in whole or in part, to others, without limitation, and the right to apportion or divide in whatever manner Grantee deems desirable, any one or more, or all, of the easements and rights, including but not limited to all rights of access and ingress and egress granted to the Grantee by this Grant of Easement.

Grantor agrees for itself, its heirs and assigns, not to erect, place or maintain, nor to permit the erection, placement or maintenance of any building, planter boxes, earth fill or other structures except walls and fences on the hereinbefore described easement area. The Grantee, and its contractors, agents and employees, shall have the right to trim or top such trees and to cut such roots as may endanger or interfere with said systems and shall have free access to said systems and every part thereof, at all times, for the purpose of exercising the rights herein granted; provided, however, that in making any excavation on said property of the Grantor, the Grantee shall make the same in such a manner as will cause the least injury to the surface of the ground around such excavation, and shall replace the earth so removed by it and restore the surface of the ground to as near the same condition as it was prior to such excavation as is practicable.

To the extent that Grantee, in the exercise of its discretion, determines that this easement is no longer needed, then upon written request, Grantee shall execute a quitclaim deed on a mutually acceptable form at no cost to Grantor. However, in no event will Grantor make a request to Grantee (and Grantee shall not consider same) for a quitclaim of the rights granted herein before five (5) years have elapsed from the date of recordation of this easement.
